solutions

**Security Solutions**  
**Integration**  
**Consulting**

The OneLab team is composed of internationally experienced senior project managers and security specialists. With over 30 years of combined experience in the security industry, OneLab partners have a long history of successful projects and strong trust from the market. Each team member possesses a strong technical background with specialized industry knowledge, and can leverage a global network of trusted partners and technology experts. The unique composition of the OneLab team obtains results by combining diverse approaches and perspectives to successfully converge towards unified physical security solutions.
